

HALLOWEEN CANDLES

Halloween candles

What you'll need:

Other Supplies:

- Big round white candle
- Pencil
- Paintbrush and gouache paints

Step by step direction

Step 1

Draw your eyeball design onto the candle with a pencil, pressing lightly initially and more firmly when you are happy with the design.

Step 2

Using a round candle, engrave an eyeball onto the candle using the Dremel 300 Series and the engraving cutter 107 accessory.

Step 3

Brush the surface of the candle with a soft paintbrush to remove any excess wax.

**Step 4**

Paint over the engraved lines using gouache paint and a fine paintbrush.
